

Pre-Meeting Workshop	Opening and Closing Lectures	Long Scientific Session	Sponsored Session	Joint Session
Late Breaking Abstracts	Hot Topics	President's Session	Local Session (in German)	Simulation Lab
Education Symposium	Short Scientific Session	Short Oral Presentations	Interdisciplinary Session	General Assembly
Young Investigator Session	E-Poster Walk	 Pre-registration and payment required		 Webcasting and live streaming

E-Poster viewing is available during the Exhibition hours on Wednesday, 19 June and Thursday, 20 June.

All E-Posters can be viewed from all stations - except when specific stations are being used for the E-Poster Walks. Additionally, delegates will be able to email the presenter via the E-Poster system in order to set up a meeting to discuss the E-Poster and to ask questions to the presenter.

TUESDAY, JUNE 18, 2019

	Mozart Hall 1a	Mozart Hall 1b	Mozart Hall 2	Papageno Hall	Doppler Hall	Trakl Hall	Level 2 Sim Lab Area	
08:30			PRE-MEETING WORKSHOP 03: Point of care ultrasound (POCUS)	PRE-MEETING WORKSHOP 02: ECMO Simulation	PRE-MEETING WORKSHOP 05: Cardiovascular Dynamics		PRE-MEETING WORKSHOP 06: Preterm stabilisation, a human factor approach	
09:00	PRE-MEETING WORKSHOP 01a: Mechanical ventilation; physiology and basics (Beginners) 	PRE-MEETING WORKSHOP 01b: Beyond the basics of mechanical ventilation (Advanced) 						
10:30	Break							
11:00	PRE-MEETING WORKSHOP 01a: Mechanical ventilation; physiology and basics (Beginners)	PRE-MEETING WORKSHOP 01b: Beyond the basics of mechanical ventilation (Advanced)	PRE-MEETING WORKSHOP 03: Point of care ultrasound (POCUS)	PRE-MEETING WORKSHOP 02: ECMO Simulation	PRE-MEETING WORKSHOP 05: Cardiovascular Dynamics		PRE-MEETING WORKSHOP 06: Preterm stabilisation, a human factor approach	
12:30	Setting up bubble CPAP in low income countries? (Optional course for all ventilation workshop participants)	Break						
13:30	PRE-MEETING WORKSHOP 01a: Mechanical ventilation; physiology and basics (Beginners)	PRE-MEETING WORKSHOP 01b: Beyond the basics of mechanical ventilation (Advanced)	PRE-MEETING WORKSHOP 03: Point of care ultrasound (POCUS)	PRE-MEETING WORKSHOP 06: Preterm stabilisation, a human factor approach		PRE-MEETING WORKSHOP 04: Leading the generation of nursing science - Nurses as chief investigators 	PRE-MEETING WORKSHOP 02: ECMO Simulation	
15:00	Break							
15:15	PRE-MEETING WORKSHOP 01a: Mechanical ventilation; physiology and basics (Beginners)	PRE-MEETING WORKSHOP 01b: Beyond the basics of mechanical ventilation (Advanced)						
15:30			PRE-MEETING WORKSHOP 03: Point of care ultrasound (POCUS)	PRE-MEETING WORKSHOP 06: Preterm stabilisation, a human factor approach		PRE-MEETING WORKSHOP 04: Leading the generation of nursing science - Nurses as chief investigators	PRE-MEETING WORKSHOP 02: ECMO Simulation	
17:00-	Break							
	Europe Hall							
17:15-18:15	Opening and Keynote Lecture Chairs: Martin Kneyber, Netherlands; Simon Nadel, UK; Lyvonne Tume, UK							
17:15	Greetings Simon Nadel, Medical President							
17:20	Greetings Lyvonne Tume, Nursing President							
17:25	Welcome address Brigitta Pallauf, President of the State Parliament of Salzburg							
17:30	Musical entertainment							
17:40	Greetings Martin Kneyber, Chair of Scientific Affairs, Chair Scientific Committee							
17:45	The future of paediatric critical care Dick Tibboel, Netherlands							
18:15-19:30	Welcome Reception in Exhibition Area							

WEDNESDAY, JUNE 19, 2019

Halls	Mozart Hall 1 	Mozart Hall 2	Papageno Hall	Doppler Hall	Trakl Hall	Level 2
08:00-09:00	EDUCATION SYMPOSIUM: Updates in neurocritical care Chair: Barney Scholefield, UK	EDUCATION SYMPOSIUM: Individualized pharmacotherapy Chair: Dick Tibboel, Netherlands	EDUCATION SYMPOSIUM: Outcomes after the intensive care unit Chair: Joe Brierley, UK	EDUCATION SYMPOSIUM Everything you wanted to know about ventilation but were afraid to ask Chair: Martin Kneyber, Netherlands	EDUCATION SYMPOSIUM: Neuro-intensive care nursing in the PICU and NICU Chair: Orsola Gawronski, Italy	Simulation Lab 
08:00-08:20	The difficult neurocritical care consult Barney Scholefield, UK	Sedation and analgesia following the FDA warning Dick Tibboel, Netherlands	Influence of prematurity on adult health Christopher Gale, UK	Advanced monitoring in the PICU Robert Blokpoel, Netherlands	Advances in nursing science in the NICU Agnes Van den Hoogen, Netherlands	
08:20-08:40	Approaches to refractory intracranial hypertension Hari Krishnan, UK	Pharmacotherapy during ECMO Pavla Pokorna, Czech Republic	Future perspectives of neuropsychological assessment Marsh Konigs, Netherlands	What the paediatric intensivist should know about chronic ventilation Marti Pons, Spain	Nursing care in the TBI child in the PICU Isobel Macleod, UK	
08:40-09:00	Discussion	Discussion	Discussion	Discussion	Discussion	
09:00-09:10	Short Break					
09:10-10:40	LONG SCIENTIFIC SESSION Updates in sepsis 2019 Chairs: Pierre Tissieres, France; Koos Jansen, Netherlands	LONG SCIENTIFIC SESSION Outcome measures: which are relevant? Chair: Hennie Knoester, Netherlands; Andrea Wolfer, Italy	LONG SCIENTIFIC SESSION To use a transport score for triage decisions or not? Chairs: Gilles Jourdain, France; Ulrich Terheggen, Switzerland	LONG SCIENTIFIC SESSION Challenges in the cardiac ICU Chairs: Peter Rimensberger, Switzerland; Simon Nadel, UK	LONG SCIENTIFIC SESSION Involving parents and carers in the NICU/PICU Chairs: Barbara Geven, Netherlands; Lyvonne Tume, UK	Simulation Lab
09:10-09:30	Toxins in septic shock Etienne Javouhey, France	Core outcome measures in neonatology Christopher Gale, UK	Do we need transport scores? Padmanabhan Ramnarayan, UK	Bleeding on ECMO and VAD Marco Ranieri, Italy	Parents as the primary caregivers in the NICU Matts Eriksson, Sweden	
09:30-09:50	Beyond PELOD - organ dysfunction assesment in the next decade Luregn Schlapbach, Australia	Outcome measures in patient-family centered care Joseph Manning, UK	Ventilation during transport: NIV? Marti Pons, Spain	Improving outcomes in single ventricle palliation Aparna Hoskote, UK	Parents as the primary caregivers in the PICU Jos Latour, UK	
09:50-10:40	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	
10:40-11:10	Coffee Break, Exhibition and E-Poster Viewing (Exhibition Area)					
11:10-12:10	SHORT SCIENTIFIC SESSION Controversies in septic shock management Chairs: Etienne Javouhey, France; Luregn Schlapbach, Australia	SHORT SCIENTIFIC SESSION The continuum of recognition of deterioration to resuscitation Chairs: Jimena del Castillo, Spain; Sue Chapman, UK	SHORT SCIENTIFIC SESSION Hocus Pocus or Scientific Focus: point of care ultrasound during transport Chairs: Yogen Singh, UK; Daniele de Luca, France	SHORT SCIENTIFIC SESSION Assessing the child with brain injury Chairs: Barney Scholefield, UK; Karl Reiter, Germany	SHORT SCIENTIFIC SESSION Controversies in critical care nephrology Chairs: Zaccaria Ricci, Italy; David Inwald, UK	Simulation Lab
11:10-11:30	Current thinking of ECLS in septic shock Pierre Tissieres, France	Are early warning scores the answer? Orsola Gawronski, Italy	How to use ultrasound for bedside diagnostics Nadia Yousef, France	When should we prognosticate in the brain injured child Maayke Hunfeld, Netherlands	Controversies in critical care nephrology Akash Deep, UK	
11:30-12:10	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	
12:10-13:40	Lunch Break and Exhibition (Exhibition Area)					
12:20-13:40	E-Poster Walk Sessions (in Exhibiton Area)					
	E-Poster Walk Session 01 - Chairs: Julie Menzies, UK; Barbara Geven, Netherlands E-Poster Walk Session 02 - Chairs: Alberto Medina, Spain; Anna Zanin, Italy E-Poster Walk Session 03 - Chairs: Gilles Jourdain, France; Ulrich Terheggen, Switzerland E-Poster Walk Session 04 - Chairs: Joe Brierley, UK; Marek Migdal, Poland E-Poster Walk Session 05 - Chairs: Karl Reiter, Germany; Barney Scholefield, UK					
12:30-13:30		12:30-13:30 SPONSORED SESSION Not included in the main event CME/CPD				
13:40-15:10	SHORT ORAL PRESENTATIONS 01 (7 minute presentations) Chairs: Aparna Hoskote, UK; Peter Rimensberger, Switzerland	SHORT ORAL PRESENTATIONS 02 (7 minute presentations) Chairs: Marti Pons, Spain; Robert Blokpoel, Netherlands	SHORT ORAL PRESENTATIONS 03 (7 minute presentations) Chairs: Luregn Schlapbach, Australia; Etienne Javouhey, France	SHORT ORAL PRESENTATIONS 04 (7 minute presentations) Chairs: Hennie Knoester, Netherlands; Joseph Manning, UK	SHORT ORAL PRESENTATIONS 05 (7 minute presentations) Chairs: Karl Reiter, Germany Barney Scholefield, UK	Simulation Lab
15:10-15:40	Coffee Break, Exhibition and E-Poster Viewing (Exhibition Area)					
15:40-17:10	ESPNIC/ESPA Joint Session Chair: Peter Rimensberger, Switzerland	INTERDISCIPLINARY SESSION Palliative care in the PICU and NICU Chairs: Joe Brierley, UK; Alberto Medina Villanueva, Spain	INTERDISCIPLINARY SESSION Long term follow-up: why we should all do it Chairs: Marek Migdal, Poland; Chris Gale, UK	INTERDISCIPLINARY SESSION Brain matters Chairs: Burkhard Simma, Austria; Julie Menzies, UK	LATE BREAKING ABSTRACTS Chairs: Barbara Geven, Netherlands; Pierre Tissieres, France	Simulation Lab
15:40-16:00	Who should intubate? Jurgen de Graaff, Netherlands	Do clinical ethics committees help Iain Macintosh, UK	TBI: impact on brain structure Marsh Konigs, Netherlands	Ventilate the brain - not the lungs Martin Kneyber, Netherlands		
16:00-16:20	Drugs used in the OR and the ICU: not so nice for the brain Jurgen de Graaff, Netherlands	How many second opinions Joe Brierley, UK	The importance of long-term follow-up Saskia Gischler, Netherlands	Anti-convulsive therapy after TBI Maayke Hunfeld, Netherlands		
16:20-16:40	EIT in the OR and the ICU Gerhard Wolf, Germany	How soon should the palliative care team be involved Jos Latour, UK	Long-term outcomes in CHD William Gaynor, USA	New Brain Trauma foundation guidelines Karl Reiter, Germany		
16:40-17:10	Discussion	Discussion	Discussion	Minor head injuries - always minor? Burkhard Simma, Austria		
17:30-19:30			General Assembly (by invitation only)			

THURSDAY, JUNE 20, 2019

Halls	Mozart Hall 1 	Mozart Hall 2	Papageno Hall	Doppler Hall	Trakl Hall	Level 2	Exhibition Area
08:00-09:00	EDUCATION SYMPOSIUM Cardiopulmonary interactions for the intensivist Chair: Yogen Singh, UK	EDUCATION SYMPOSIUM It is all about the host response Chair: Etienne Javouhey, France	EDUCATION SYMPOSIUM Effective clinical leadership in the NICU/PICU Chair: Barbara Geven, Netherlands	EDUCATION SYMPOSIUM Low cardiac output: the devil is in the detail Chair: Joan Sanchez de Toledo, Spain	EDUCATION SYMPOSIUM Moving nutrition forward Chair: Sascha Verbruggen, Netherlands	Simulation Lab 	
08:00-08:20	In paediatric ARDS Peter Rimensberger, Switzerland	Everything you always wanted to know about endotoxins and host responses Pierre Tissieres, France	How can clinical nurse managers actively engage staff in improving quality Lauren Sorce, USA	Low cardiac output state: what is it Troy Dominguez, UK	What do we know what has changed about nutrition Luise Marino, UK		
08:20-08:40	In congenital cardiac defects Yogen Singh, UK	Dysregulated host response - what is it actually? Mark Peters, UK	Looking after my workforce and ensuring that they stay! Charlotte King, UK	Management of cardiac arrhythmias in low cardiac output syndrome Joan Sanchez de Toledo, Spain	What don't we know and what should be studied Sascha Verbruggen, Netherlands		
08:40-09:00	Discussion	Discussion	Discussion	Discussion	Discussion		
09:00-09:10	Short Break						
09:10-10:40	LONG SCIENTIFIC SESSION Critical Care Brain Treatment at Extremes of Financial Resource Chairs: Maayke Hunfeld, Netherlands, Orsola Gawronski, Italy	LONG SCIENTIFIC SESSION APLS: a dynamic dogma? Chairs: Mark Peters, UK; Joan Sanchez de Toledo, Spain	LONG SCIENTIFIC SESSION Challenging routine nursing practices Chairs: Joseph Manning, UK; Anne-Sylvie Ramelet, Switzerland	LONG SCIENTIFIC SESSION Fluids and endothelium Chairs: Yohen Singh, UK; Joe Brierley, UK	LONG SCIENTIFIC SESSION Primary endpoints in drug trials Chairs: Burkhard Simma, Austria; Pavla Pokorná, Czech Republic	Simulation Lab	
09:10-09:30	Where everything is an option Barney Scholefield, UK	Mechanical ventilation during CPR: ABC or CAB? Jimena Del Castillo, Spain	PICU perspective Barbara Geven, Netherlands	Liberal versus restrictive fluid therapy David Inwald, UK	Which parameters should be considered as optimal outcome in drug studies Saskia De Wildt, Netherlands		
09:30-09:50	In a very limited resource setting Hans-Joerg Lang, Belgium	Are there ways to improve advanced paediatric life support? Susan Chapman, UK	NICU perspective Izabela Andrzejewska, UK	The glycocalyx and fluid therapy: should we care? Hans Vink, Netherlands	Trials in acute situations and long term outcome. Is this the way to go? Jurgen de Graaff, Netherlands		
09:50-10:40	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)		
10:40-11:10	Coffee Break, Exhibition and E-Poster Viewing (Exhibition Area)						SPONSORED SESSION Not included in the main event CME/CPD
11:10-12:10	SHORT SCIENTIFIC SESSION Big data is hot! Chairs: Robert Blokpoel, Netherlands; Andrea Wolfier, Italy	SHORT SCIENTIFIC SESSION Second opinions, but how? Chairs: Anna Zanin, Italy; Sapna Kudchadkar, USA	SHORT SCIENTIFIC SESSION Implementation of study outcomes Chairs: Jos Latour, UK; Julie Menzies, UK	SHORT SCIENTIFIC SESSION New ways in pharmacotherapy for infections Chairs: Martin Kneyber, Netherlands; Paula Pokorna, Czech Republic	SHORT SCIENTIFIC SESSION Microcirculation in 2020 Chairs: Joan Sanchez de Toledo, Spain; Frederic Valla, France	Simulation Lab	
11:10-11:30	Big data in the intensive care unit: will it help? Luregn Schlapbach, Australia	International second opinions: Controversies, conflict and an emerging consensus? Joe Brierley, UK	The science of implementation Erwin Ista, Netherlands	Innovative immunotherapy Pierre Tissieres, France	Evaluation and current guidelines Rafael González Cortés, Spain		
11:30-12:10	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)		
12:10-13:40	Lunch Break, Exhibition and E-Poster Walks (Exhibition Area)						
12:20-13:40	E-Poster Walk Sessions (in Exhibition Area)						
	E-Poster Walk Session 06 - Chairs: Lynne Latten, UK; Sascha Verbruggen, Netherlands E-Poster Walk Session 07 - Chairs: Luregn Schlapbach, Australia; Etienne Javouhey, France E-Poster Walk Session 08 - Chairs: Simon Nadel, UK; Barbara Grädel, Switzerland E-Poster Walk Session 09 - Chairs: Akash Deep, UK; Vesna Stojanovic, Serbia E-Poster Walk Session 10 - Chairs: Alberto Medina, Spain; Anna Zanin, Italy						
13:40-15:10	YOUNG INVESTIGATOR SESSION Chairs: Martin Kneyber, Netherlands; Pierre Tissieres, France	SHORT ORAL PRESENTATIONS 06 (7 minute presentations) Chairs: Alberto Medina, Spain; Anna Zanin, Italy	SHORT ORAL PRESENTATIONS 07 (7 minute presentations) Chairs: Joe Brierley, UK; Marek Migdal, Poland	SHORT ORAL PRESENTATIONS 08 (7 minute presentations) Chairs: Anne-Sylvie Ramelet, Switzerland; Joseph Manning, UK	SHORT ORAL PRESENTATIONS 09 (7 minute presentations) Chairs: Sue Chapman, UK; Jimena del Castillo, Spain	Simulation Lab	
15:10-15:40	Coffee Break, Exhibition and E-Poster Viewing (Exhibition Area)						
15:40-17:10	ESPNIC / SCCM Joint Session Similarities and differences across the Atlantic Chairs: Martin Kneyber, Netherlands; Pierre Tissieres, France	INTERDISCIPLINARY SESSION Adequate tissue oxygenation: assessment and clinical consequences Chairs: Mark Peters, UK; Jimena del Castillo, Spain	INTERDISCIPLINARY SESSION Do guidelines help improve patient outcome? Chairs: Sascha Verbruggen, Netherlands; Lynne Latten, UK	INTERDISCIPLINARY SESSION Ventilator-associated pneumonia Chairs: Yolanda Lopez, Spain; Luregn Schlapbach, Australia	INTERDISCIPLINARY SESSION Early rehabilitation in the ICU Chairs: Anna Zanin, Italy; Erwin Ista, Netherlands	Simulation Lab	
15:40-16:00	High value care in the PICU: USA perspective Jerry Zimmerman, USA	When on ECMO and VAD Aparna Hoskote, UK	ESPNIC clinical recommendations on nutrition Sascha Verbruggen, Netherlands	Does VAP exist in the NICU/PICU Daniele De Luca, France	How early is too early Sapna Kudchadkar, USA		
16:00-16:20	Patient quality in the PICU: European perspective Andrea Wolfier, Italy	Monitoring the gut during (septic) shock Jorge Lopez, Spain	Haemodynamic guidelines Javier Urbano, Spain	How to prevent VAP in the PICU? Barbara Geven, Netherlands	Barriers, enablers and outcomes Julie Menzies, UK		
16:20-16:40	Family-centered care in the USA Lauren Sorce, USA	Bedside devices: more toys for boys? David Inwald, UK	From clinical trials to practice - lost in translation? Simon Nadel, UK	How to choose the right antimicrobial treatment? Etienne Javouhey, France	Europe wide nursing practices Erwin Ista, Netherlands		
16:40-17:00	Family-centered care in Europe Anne-Sylvie Ramelet, Switzerland	Discussion	Discussion	Discussion	Discussion		
17:00-17:10	Discussion	Discussion	Discussion	Discussion	Discussion		
17:10-18:10	SHORT SCIENTIFIC SESSION Challenging routine thinking in ventilation Chairs: Peter Rimensberger, Switzerland; Robert Blokpoel, Netherlands	SHORT SCIENTIFIC SESSION Nutrition in the PICU: a pas-de-deux? Chairs: Frederic Valla, France; Sascha Verbruggen, Netherlands	SHORT SCIENTIFIC SESSION Where the intensivist and cardiologist meet Chairs: Aparna Hoskote, UK; Saskia de Wildt, Netherlands	SHORT SCIENTIFIC SESSION It is all about early recognition Chairs: Jimena del Castillo, Spain; Orsola Gawronski, Italy	LOCAL SESSION (in German) Pädiatrische Intensivpflege Chair: Barbara Grädel, Switzerland		
17:10-17:30	Weaning: art or science? Martin Kneyber, Netherlands	Nutritional status and delivery and the impact on outcomes Lynne Latten, UK	Pulmonary hypertension: what's new? Yogen Singh, UK	Early recognition of the seriously ill child: which tools do we have? Susan Chapman, UK	17:10-17:40 Erwägungen beim Übergang zu Therapie-Limitierungen oder Therapie-Abbruch Jos Latour, UK		
17:30-18:10	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	17:40-18:10 Delir Management und Entzugskonzept auf der pädiatrischen Intensivpflegestation Martina Bucher, Switzerland		

FRIDAY, JUNE 21, 2019

Halls	Mozart 1 	Mozart 2	Papageno Hall	Doppler Hall	Trakl Hall
08:00-09:00	EDUCATION SYMPOSIUM Everything you need to know about the EPIC Diploma™ program Chair: Alberto Medina Villanueva, Spain	EDUCATION SYMPOSIUM Does measuring the quality of resuscitation improve outcome? Chair: Sapna Kudchadkar, USA	EDUCATION SYMPOSIUM Quality standards in transport Chair: Ulrich Terheggen, Switzerland	EDUCATION SYMPOSIUM Critical care nephrology: how I do it Chair: Akash Deep, UK	EDUCATION SYMPOSIUM Managing the critically ill cancer patient Chair: Roelie Wösten van Asperen, Netherlands
08:00-08:20	Are online courses useful for improving knowledge or should we do face-to-face? Yolanda M. López Fernández, Spain	The clinical perspective Jimena Del Castillo, Spain	How can we set a transport program Gilles Jourdain, France	My approach to oliguria in the PICU Zaccarria Ricci, Italy	Perspective from the paediatric intensivst Roelie Wösten van Asperen, Netherlands
08:20-08:40	The EPIC Diploma™: Do you have what it takes? Alberto Medina Villanueva, Spain	The role of advanced medical simulation and training Javier Urbano, Spain	How can we evaluate a transport program Padmanabhan Ramnarayan, UK	Recent advances in pre and post-liver transplant care Akash Deep, UK	Perspective from the paediatric oncologist Roman Crazzolaro, Austria
08:40-09:00	The real value of the EPIC Diploma™ J David M. Rozsa, USA	Discussion	Discussion	Discussion	Discussion
09:00-09:10	Short Break				
09:10-10:40	LONG SCIENTIFIC SESSION New concepts in paediatric lung injury Chairs: Peter Rimensberger, Switzerland; Martin Kneyber, Netherlands	LONG SCIENTIFIC SESSION Challenging practices and new insights Chairs: Sascha Verbruggen, Netherlands; Lynne Latten, UK	LONG SCIENTIFIC SESSION It is all about education Chairs: Anna Zanin, Italy; Yolanda Lopez, Spain	LONG SCIENTIFIC SESSION Haemato-oncology in the PICU Chairs: Simon Nadel, UK; Hennie Knoester, Netherlands	LONG SCIENTIFIC SESSION Updates in critical care nephrology Chairs: Akash Deep, UK; Vesna Stojanovic, Croatia
09:10-09:30	Proteomics in acute respiratory distress syndrome Daniele de Luca, France	Myths and misconceptions: challenging routine practice Lyvonne Tume, UK	Crew Resource Management in the PICU and NICU Allan Goldman, UK	Latest developments in treating children with haemato-oncologic disorders Roman Crazzolaro, Austria	Renal replacement therapies - new approaches Gerard Cortina, Austria
09:30-09:50	Mechanical power: target in preventing VILI Alberto Medina Villaneuva, Spain	Metabolic disorders in critically ill children: what's new? Frederic Valla, France	Simulate or not simulate: that's the question Anna Zanin, Italy	Outcomes in oncology patients in the PICU Roelie Wösten van Asperen, Netherlands	Past and Future of AKI and CRRT Trials and research – what have we learnt? Zaccaria Ricci, Italy
09:50-10:40	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)	Selected orals (10 minutes each)
10:40-11:10	Coffee Break (Exhibition Area)				
11:10-11:50	HOT TOPICS Trial design in paediatric critical care Chair: Pierre Tissieres, France	HOT TOPICS Social media in critical care Chairs: Daniele de Luca, France; Anna Zanin, Italy	HOT TOPICS Goodies in PICU Chairs: Frederic Valla, France; Alberto Medina Nueva Villanueva, Spain	HOT TOPICS Stretching the boundaries of critical care Chairs: Joe Brierley, UK; Martin Kneyber, Netherlands	LOCAL SESSION (in German) Neonatologische Intensivpflege Chair: Barbara Grädel, Switzerland
11:10-11:30	Novel trial design Mark Peters, UK	The digital health care professional Hari Krishnan, UK	Dexmedetomidine: finally settled in the PICU? Dick Tibboel, Netherlands	Just because we can, does not mean we should Eduard Verhagen, Netherlands	11:10-11:35 Das Frühgeborene Entwicklungsfördernde Pflege und die Wichtigkeit des Schlafes Agnes van den Hoogen, Netherlands
11:30-11:50	Which outcomes make the difference Jerry Zimmermann, USA	Social media in the NICU and PICU Sapna Kudchadkar, USA	New vaso-active drugs Simon Nadel, UK	Post-intensive care syndrome Joseph Manning, UK	11:35-11:50 Familienzentriert begleiten Das Umfeld - seine Wirkung und wie es gelingt ein förderliches Miteinander zu gestalten Maria Thaller, Austria
11:50-12:00	Short Break				
12:00-12:30	PRESIDENT'S SESSION Chairs: Simon Nadel, UK; Martin Kneyber, Netherlands Latest, hottest paediatric and neonatal critical care: overview + outline + presentation awards by Chair Scientific Affairs				
12:30-13:00	CLOSING LECTURE Chairs: Martin Kneyber, Netherlands; Simon Nadel, UK; Lyvonne Tume, UK Advancing critical care for children, what can you learn from the adults? Marco Ranieri, Italy				
13:00-13:30	CLOSING SESSION
